경상국립대학교
GYEONGSANG NATIONAL UNIVERSITY

[Conference name]
[Session · Poster No. · Date]

[Research title with **key phrase** in bold]

[Subtitle, if any]

[Presenter NAME (한글 이름)][1], [Co-author NAME][1]

[1] Department of [Department], Gyeongsang National University

[Presenter website and contact]

[QR]

[Background]

[State the problem and what earlier work leaves open. 3–5 sentences.]

[State the research question in one sentence.]

[Method]

[Define the data, model and every symbol used in the equations below.]

[Schematic or equation block]

Fig. 1. [Symbols, variables and units]

[Data and conditions]

- [Data source and size]
- [Parameters and their ranges]
- [Null model or baseline]

[Results]

[Report the observed results with the actual values.]

[Main result figure]

Fig. 2. [Axes, units, legend, error definition, sample size]

[Comparison]

[Compare against the baseline or null model you actually used.]

[Comparison figure]

Fig. 3. [Conditions and scope of interpretation]

[Discussion and limits]

[Meaning of the result, its limits, and the next question.]

[1] [Author, Journal Vol, Page (Year)]
[2] [Author, Journal Vol, Page (Year)]

[Funding statement exactly as required by the grant.]
